

Visa for recognition of foreign qualifications

(Section 16d Residence Act)

Basic information

- Please check the basic information on the website first
- The German mission is only competent should you have your permanent residence in Tanzania
- Documents not in the German language must be submitted with a certified German translation. A translation of the personal data page of the passport is, however, not required.
- Certificates, diplomas, etc. must be presented in the original with apostille/legalisation.
- The visa must be approved by the Federal Employment Agency in Germany or the competent foreigners authority. The visa can only be issued when this approval has been received.
- **Processing time is as a rule ca. three months** but can take longer in individual cases.
- Flight reservations are not required to apply for a visa – please only book when you have received your visa.
- The mission abroad reserves the right to request further documents.
- Missing documentation delays the procedure and can result in your application being rejected.
- **Please do not contact the mission abroad to check the status of your application during the normal processing period.** Such inquiries are extremely time-consuming for the visa section and can thus not be answered.
- **All documents need to be presented in the original as well as with one set of copies.** Tanzanian documents need to be legalized. Documents neither in English or German need to be translated.

General information

If your vocational training has not been fully recognized by the competent German agency, you can apply for a visa to complete the necessary training in Germany and at the same time start to work. After completion and full recognition of your training, you can apply for permanent residence in Germany.

Please note that some university degrees from foreign universities are classified as vocational training in Germany.
